PUBLIC COMMENT

Alan J. Berger, of FDBTS LLC in Beachwood addressed the commissioners regarding obtaining an easement by the Lake County Dog Shelter to allow the installation of a septic system for a Family Dollar store on the corner of North Ridge and Narrows roads in Perry Township.

Currently there is an old motel on the property.

"There's approximately seven employees that work at the Family Dollar store on a full-time basis and a few part-time employees as well," he said.

Berger said the installation should not cause problems or disrupt the dog shelter property. They need the easements because another section on the property has utility lines.

Commissioner Dan Troy noted the dog shelter had sewer service and asked if it was possible to extend that service.

He was told it could be expensive and the Lake County General Health District had approved the installation of the system.

The commissioners said they would take the request under consideration and advise him of their decision.

EXECUTIVE SESSION

The commissioners adjourned to executive session to discuss litigation, real estate and personnel.
